## Melody Club

I just can't get my self together  
Its the love we make o-o-o-o-o-o  
Every breath we take  
I'm a soul in motion

And the show just might go on whatever  
Its the latest news o-o-o-o-o-o  
We could never lose  
Its a celebration

And we couldnt change our destination  
On this road of facination for love

And we couldnt change our destination  
On this road of facination for love

I just can't get my self together  
Its the love we make o-o-o-o-o-o  
Every breath we take  
I'm a soul in motion

And the show just might go on whatever  
Its the latest news o-o-o-o-o-o  
We could never lose  
Its a celebration

And we couldnt change our destination  
On this road of facination for love

And we couldnt change our destination  
On this road of facination for love

And we couldnt change our destination  
On this road of facination for love

And we couldnt change our destination  
On this road of facination for love
