## Soulfly

Dark ages upon us  
Hate surround us  
Fear embrace us  
Tragedy behind usMedia brainwash us  
Spirits guide us  
Weakness expose us  
Memories behind usJourney in front of us  
Roots under us  
Strange attracts us  
Inner voice calls usEnvy destroy us  
Music lift us  
Scars remind us  
Spark ignite usEverything will pass on  
We must go on  
Everything will pass on  
We must go onIt's up to us  
It's up to us  
It's up to us  
It's up to us
