

# Feel Like I'm Falling In Love

**Jack Ingram**

Head over heels falling faster  
Spinning wheels that going round and round  
No big deal just one more disaster  
Take my chances if Im falling downCause I feel like Im falling in love  
Yes I feel like Im falling in loveIm not afraid my heart breaking  
I have paid that price before  
All of my mistakes add up to nothing  
Weve got something I want moreCause I feel like Im falling in love  
I feel like Im falling in loveThis time its different  
This time its real  
Yes I feel like Im falling in loveThis time its different  
This time its real  
Yes I feel like Im falling in loveThis time its different  
This time it's real  
Yes I feel like Im falling in love  
I feel like Im falling in love
