

# Missing

## Flyleaf

I saw your queen  
Swam out below her star on sea beneath  
Though I lifted up my hands to her  
She never lifted me Oh something's missing in me  
I felt it deep within me  
As lovers left me to bleed alone  
Found something sweet  
On the island with the daughters of eve  
But through thick and thin they've gone away  
And only left their grief Oh, something's missing in me  
I felt it deep within me  
As lovers left me to bleed alone Something's missing in me  
I felt it deep within me  
As lovers left me to bleed alone Something's missing in me  
Something's missing in me Down here love wasn't meant to be  
It wasn't meant to be for me  
All is vanity underneath the sun (It wasn't meant to be)  
All is vanity Something's missing in me  
I felt it deep within me  
As lovers left me to bleed alone Something's missing in me  
I felt it deep within me  
As lovers left me to bleed alone Something's missing in me  
Something's missing in me  
Something's missing in me  
Something's missing in me
