One Shot at Glory

Judas Priest

Let me hear the battle cry
Calling on the wind
Let me see the banners fly
Before the storm beginsLet me feel the spirits soar
Destroy the enemy
Striking at the evil core
For all the world to seeThis day will last forever
Deep in the hearts of men
Courage and victory
Remember, rememberOne shot at glory
In the crossfire overhead
Fate stands before me
Words have all been saidOne shot at glory
Driving hard and seeing red
Destiny calls me
One night of fire, one shot at gloryFighting on with dignity
In life and death we deal
The power and the majesty
Amidst the blood and steelI still hear the battle cry
The call goes on and on
I still see the banners fly
The battle's always wonThis day will last forever
Deep in the hearts of men
Courage and victory
Remember, rememberOne shot at glory
In the crossfire overhead
Fate stands before me
Words have all been saidOne shot at glory
Driving hard and seeing red
Destiny calls me
One night of fire, one shot at gloryThis day will last forever
Deep in the hearts of men
Courage and victory
Remember, rememberOne shot at glory
In the crossfire overhead
Fate stands before me
Words have all been saidOne shot at glory
Driving hard and seeing red
Destiny calls me

One night of fire, one shot at gloryOne shot at glory
I used to hear the battle cry
I used to see the banners fly
