

# We Praise You

## NDC GMWA Recording Choir

We've come to lift the savior higher  
We've come to lift the savior higher  
We've come to lift the savior higher  
We've come to lift the savior higher

For there is no one like you  
For there is no one above you  
For there is no one, no where like you

We praise you cause your worthy  
We praise you cause your worthy  
We praise you cause your worthy  
We praise you cause your worthy

WE praise you

For there is no one like you  
For there is no one above you  
For there is no one, no where like you

We praise you  
We Praise you  
We praise you  
Bless your name

Lord we bless your name

We praise you  
We praise you  
We praise you

Lord we bless your name
