Garden of Eden

Ratt

Ohhhhhh Yeah
I got a bad reputation
An you knew its so well
Yeah I give you what you need
I'm gonna take you too hell
Doesn't matter how you feel
Just gives you stories to tell
I'm gonna take its right back
I'm gonna throw in the towel YeahNothing you do is wrong
Nothing you could have said
Welcome to my worldIn this Garden Eden
If you could have seen it
You wouldn't believe it
In this Garden of EdenYeah you're my addiction
Between shame and temptation
Yeah you give me what I need
And I like it like thatNothing you do is wrong
Nothing you could have saidWelcome to my world
In this Garden Eden
If you could have seen it
You wouldn't believe it
In this Garden of EdenIn this Garden Eden
If you could have seen it
You wouldn't believe it
In this Garden of EdenIn this Garden of Eden (In this Garden of Eden)
If you could have seen it (In this Garden of Eden)
You wouldn't believe it (You wouldn't believe it)
In this Garden of Eden
