

# Garden of Eden

Ratt

Ohhhhhh Yeah  
I got a bad reputation  
An you knew its so well  
Yeah I give you what you need  
I'm gonna take you too hell  
Doesn't matter how you feel  
Just gives you stories to tell  
I'm gonna take its right back  
I'm gonna throw in the towel Yeah Nothing you do is wrong  
Nothing you could have said  
Welcome to my world In this Garden Eden  
If you could have seen it  
You wouldn't believe it  
In this Garden of Eden Yeah you're my addiction  
Between shame and temptation  
Yeah you give me what I need  
And I like it like that Nothing you do is wrong  
Nothing you could have said Welcome to my world  
In this Garden Eden  
If you could have seen it  
You wouldn't believe it  
In this Garden of Eden In this Garden Eden  
If you could have seen it  
You wouldn't believe it  
In this Garden of Eden In this Garden of Eden (In this Garden of Eden)  
If you could have seen it (In this Garden of Eden)  
You wouldn't believe it (You wouldn't believe it)  
In this Garden of Eden
