Call Of The Wild

Heart

After midnight I call you
Even though I know better I just got to
The moon is full, my heart is hot
And you know what I'm longing to do with this aching I got
The call of the wild
Oh baby, can't you hear me calling?
The call of the wild
The call of the wild
How can you ask me why I'm pushing, pushing
When you know damn well what you do what you do to a woman
I get so inspired lying so close
It's the flash and the flame and the fever I need the most
The call of the wild
Oh baby, can't you hear me calling?

The call of the wild
The call of the wild
If I could chain you to me I'd do it in a minute
My magic caravan, baby, you'd be in it
I'm hiding the prize and you're gonna win it
You're gonna win it now
Oh yeah
Call of the wild
Oh baby, can't you hear me calling, calling?
The call of the wild
The call of the wild
Oh baby, listen to me howling
'Bout the call of the wild, yeah
