

# Call Of The Wild

## Heart

After midnight I call you  
Even though I know better I just got to  
The moon is full, my heart is hot  
And you know what I'm longing to do with this aching I got  
The call of the wild  
Oh baby, can't you hear me calling?  
The call of the wild  
The call of the wild  
How can you ask me why I'm pushing, pushing  
When you know damn well what you do what you do to a woman  
I get so inspired lying so close  
It's the flash and the flame and the fever I need the most  
The call of the wild  
Oh baby, can't you hear me calling?

The call of the wild  
The call of the wild  
If I could chain you to me I'd do it in a minute  
My magic caravan, baby, you'd be in it  
I'm hiding the prize and you're gonna win it  
You're gonna win it now  
Oh yeah  
Call of the wild  
Oh baby, can't you hear me calling, calling?  
The call of the wild  
The call of the wild  
Oh baby, listen to me howling  
'Bout the call of the wild, yeah
