

Chicken Dippers

Palma Violets

Take me down
Take me oo
But I didn't go
Always again
Your hair, your hair is on me
And you make me feel like I'm the only one

You make me feel like I'm the only one
Only one
I'm running, I'm running around you
I'm running, I'm running around

Your hair, your hair is all on me
And you make me feel like I'm the only one
You make me feel like I'm the only one
You make me feel like I'm the only one
I'm the only one
You make me feel like I'm the only one
I'm the only
