Last Night Changed It All

Max Vangeli

The world is screaming but I canâ€™t hear the sound
Thought I was dreaming as Iâ€™m done downtown
Seen time cease to travel
Planet earth may unravel
The mountains could fall into the sea yeah
But I know why will no have no fear
None at all

And heaven may draw from the sky
And Iâ€™ll catch its fall
Cause last night changed it allâ€¦
Last night changed it all
Last night changed it allâ€¦
Last night change it all

The world is screaming but I canâ€™t hear the sound
Thought I was dreaming as Iâ€™m done downtown
Seen time cease to travel
Planet earth may unravel
The mountains could fall into the sea yeah
But I know why will no have no fear
None at all

And heaven may draw from the sky
And Iâ€™ll catch its fall
Cause last night changed it allâ€¦
Cause last night changed it allâ€¦
Cause last night changed it allâ€¦
Cause last night changed it allâ€¦
Cause last night changed it allâ€¦
Last night changed it all
Last night changed it allâ€¦
Last night changed it all
