# Freak'in Me (feat. Marsha Ambrosius)

## Jamie Foxx

I wanna be freakin', I wanna get freakin'
I wanna be freakin', freakin', freakin'A part of me wants a part of you, baby
You started it now come and give me what I've been waiting on
Ooh, your lips are pressed against it
I can't resist ya, don't ya taste me, oh love
Ooh, don't ya taste me, oh loveOoh, just come and get a bit closer
Take it all baby, I need it
And time don't wait for no one, so come on now
Make it whatever you want, it's one night, not forever
Right now could you tell me how I make you feel?You got my heart skippin' beats and I can hardly speak
You got me breathin' double time
How you freakin' me, freakin' me, freakin' me
Freakin' me, freakin' me, freakin' babyBaby, you know it's so nice
Oh, my knees are shakin' now I'm bitin' the sheets
You lovin' me so good, boy, so deep
You be freakin' me, freakin' me
Freakin' me, freakin' me, freakin' baby
Baby, you know it's alrightShow me how much you've been missin' me
Ooh, that, do that there while you be kissin' me, kissin' me
Yeah, let me get you over here and you could lead me where
There's nothing I wouldn't do to you, tonightJust go all the way with it, lose control and stay with it
Take it girl, know how you can take it girl
Oh, make it whatever you want, it's one night, not forever
Right now you could tell me how you make me feelYou got my heart skippin' beats and I can hardly speak
