

Every Little Thing

At Sunset

Let's go

Oh oh oh

Oh oh oh

Oh oh oh

I'm hooked on

Every little thing she-She can dance like '84 Madonna

She bites my lip a little harder

The crazier she gets the more I want her

Oh oh ohShe's too hot for working in a Starbucks

My triple shot right when I wake up

She's got the whole block lined up

Oh oh ohNo escaping, she's

Got my mind dirty

Chocolate cake, so sweet

I want the whole thing nowEvery little thing she does

Makes me wanna fall in love

And I'm like oh oh oh

Let's go

Every little move she makes

Is just another thing I crave

And I'm like oh oh oh

Let's goHer body's perfect, perfection

She's got a tattoo collection

Her hip is my new obsession

Oh oh oh

Hardcore PDA in public

She's rated R and I love it

If her Daddy knew he'd kick the bucket

Oh oh ohNo escaping, she's

Got my mind dirty

Chocolate cake, so sweet

I want the whole thing nowEvery little thing she does

Makes me wanna fall in love

And I'm like oh oh oh

Let's go

Every little move she makes

Is just another thing I crave

And I'm like oh oh oh

Let's go

Oh oh ohOh oh oh
Oh oh oh
I'm hooked on every little thing she does
Oh oh oh
Oh oh ohOh oh oh
I'm hooked on every little thing she does
Every little thing she does
She's got me all messed up
And every little move she makes
Is just another thing I craveEvery little thing she does
Makes me wanna fall in love
And I'm like oh oh oh
Let's go
Every little move she makes
Is just another thing I crave
And I'm like oh oh oh
Let's goOh oh oh
Oh oh ohI'm hooked on every little thing she does
