

# Border Wars

## Sepultura

Where am I to go? what do I have to do?  
Borders all around me, there's no chance for a choice  
Born in this world in a war stricken land  
I will do what I have to do and go where I can  
The walls that we build, we are taking them down  
Imaginary lines of corruption and greed  
The walls that we build, we are taking them down  
Overpopulation, isn't just an excuse  
Searching for a place where I can have my own rights  
Everywhere around me, there's death in the air  
I wanna find a way to make a change in my life  
I will do what I have to do and fight till the end  
The walls that we build, we are taking them down  
Imaginary lines that won't allow us to live  
The walls that we build, we are taking them down  
Denying all the rules and all their abuse  
No no, it won't be this way  
No no, can't be their way  
Pride pride, they won't blur our pride  
I I, must stay alive  
Looking for the ground to build a home that is safe  
They make the planet small and they have no control  
Everywhere you go, they have an eye on your steps  
I will run where I have to run and hide where I can  
The walls that we build, we are taking them down  
Exploring different fields so we grow in our hearts  
The walls that we build, we are taking them down  
Exploiting all the lies to defend our own kind  
No no, it won't be this way  
No no, can't be their way  
Pride pride, they won't blur our pride  
I I, must stay alive  
Border wars  
Border wars  
One more crime, crossing lines, trapped inside  
State of mind, never blind, fate untied  
No no, it won't be this way  
No no, can't be their way  
Pride pride, they won't blur our pride

I I, must stay alive  
Border wars  
Border wars  
One more crime, crossing lines, trapped inside  
State of mind, never blind, fate untied
