Ugly Bitches

Kirko Bangz

i met this one bitch
her name was ugly
shouldve known i should of fucked wit
but see when im thinking with my dick everything switch
im __ boy on the block tryna hit a lick
like aint give a shit
knowing that i gave a fuck

like what if my niggas found out that i was fucking her
the one we talked about in school used to chop her up
but my dick tell me imma fool if i dont chop her up
i mean she stay around the corner , wont no body know
besides , im tryna slide inside then i gotta go
gave her my number told her keep it on the low
she cracked a smile like trust me wont nobody know
