

Apollo

Magic Man

Oh, And if you
Believe me when I say
You're not so different now
Just stop this little game
And save Ourselves
But ever since the day I started burning out
I know that you're the one that I've been dreaming about Won't you take my hand like I know you will
When you're sparkling madly in the moonlight
Don't you understand that I need you still
When you're sparkling madly in the moonlight Oh and if you could take another breath
I'll hold your hand up close
Or swear that I will come back from this road
And if we fall asleep in the backseat of your car
We'll wake up in the snow with every other trouble Won't you take my hand like I know you will
When you're sparkling madly in the moonlight
Don't you understand that I need you still
When you're sparkling madly in the moonlight Stand back, someday we'll call out
And hold it together
So stand by, someday we'll call out
Can't you hold it together Won't you take my hand like I know you will
When you're sparkling madly in the moonlight
Don't you understand that I need you still
When you're sparkling madly in the moonlight (oh, oh, oh, oh, oh, oh)
(oh, oh, oh, oh, oh, oh)
