

She Can Get It

Creeze Feat. Louisiana Ca\$h

oh oh oh oh oh
I I see you want what I want
Moving real slow
Body?s so amazing
Be a fool to let it go
Jeans fitting right
Just how I like it
Damn gurl I want it
You know I want it
Know I gotta should
Cuss you tryna not to look
So much shit to say
If I jot it down, I can right a book
Turn a frown into a smile
I can break it down
(I?m about to get it now x2)
I should be with me
You should be with me
And baby gurl I wouldn't stop till I want you got caught up up
I can't get enough enough
Tryna do you know what what yaaa
Oh gurl I gotta have you
(Chorus)
I think I gotta admit it
I'm a all the way in it
I hope she waited waited
Cu cuss she can get it
(She can get it)
Ohhh
(She can get it)
Uh if you saw how I move you would want to do it yup she can get it
I get it to with it
I so so commit it

The music is kind of loud

Time to pull the cloth

Hands on her waist

Now we headed for the door

I ain't got all night

Running out of time
