

# You Hate Me & I Hate You

[GG Allin](#)

Well you hate me and I hate you  
You never understand the things I say or do - So what's new?  
You never liked me so I say fuck you  
You know, you know that you don't like me and I don't like you  
You never listen to my point of view - I'm  
telling you  
Why don't you all drop dead, you fucking fools - It's you who loose  
You never wanted me so I say fuck you  
You know, you know that you don't like me so I say fuck you  
You never like the things I say or do, so whatcha'  
gonna do?  
Why don't you all go home and go back to school - With your golden rule  
Mindless, gutless puppets, who needs you?  
You know, you know that you don't like me and I don't like you  
You know, you know that you don't like me and I don't like you  
You know, you know that you don't like me and I don't like you  
You know, you know that you don't like me so I say fuck you
