

Swim To You

Dotan

driftin' away from the shore, into the open sea
I'll sleep on the ocean tonight, with the moon at my feet
carving your name with my head, in the black oak tree
 eh eh eh eheh
 oh oh oh oohoh
a king without kingdom or throne
 now where'd it go
conquering islands of hope all alone
eyes wide open and shoutting them closed
 all you see is your ghost
 oh oh oh oohoh
grows by the size of the rain
 coming back again
ongoing memories fade
 old pictures remain
speak slowly to me my dear
 and I'll swim to you
 to you
 oh oh oh oohoh
 to you
 oh oh oh oohoh
