What Do You Do?

Dog's Eye View

Sad lonely boy
Caught between perfection and directions to the next big thing
Gets so hard sometimes
Always stuck between what you have and what you think you needWhat do you do
When the world just swallows you up, spits you out?Leave it all behind
You climb up every fence just trying to make a little sense of the world
And the way it spins
Of the world and the way it always seems to winWhat do you do
(What do you do)
When the world just swallows you up, spits you out?
What do you do when you don't know who you are
Tell me, what do you do?
(What do you do)
What do you do? YeahYou are not the captain of this ship
You are just a passenger
You've spent so many years just floating around
It's time to learn what you can live with and what you can't live withoutWhat do you do
(What do you do)
When the world swallows you up and spits you out?
What do you do when you don't know what you know
Oh, tell me what do you do, what do you do?(What do you do)
Sad lonely boy
Tell me, sad lonely boy
(What do you do)(What do you do)
What do you do, yeah
(What do you do)
(What do you do)What do you do
What do you do
