This Armistice

The Receiving End Of Sirens

Your gross fabrication of pretext could bore
Yet still I fall victim to syntax omitted
Just shy of something I could understandSo blissful, I press on to the sound of the organs
Playing their most convincing tunes
As they serenade to the parade of paid-off partsAnd now the only thing left to discuss is
The details of this armistice
We've come to this agreementCheck my vitals
The truth is vile but vital to this cause
I've been held hostage
A captive of this passive shell
Give me gravity, give me clarity
Give me something to rely onWe're all puppets
We're all marionettes
We're all puppets
We're all marionettesThese body parts are parts of plans
Passed by my hands, my hands
My hands shake through handshakes
Forsaken by my limbsMy limbs sing the hymns
The hymns of a tyrant
In a crumbling pantheon
As inhabitants will raise their fists
And bid him to disarmCheck my vitals
The truth is vile but vital to this cause
I've been held hostage
A captive of this passive shell
Give me gravity, give me clarity
Give me something to rely onWe're all puppets
We're all marionettes
We're all puppets
We're all marionettesWe're all puppets
We're all marionettes
We're all puppets
We're all marionettesAnd now the only thing left to discuss is
The details of this armistice
We've come to this agreementOh, how I've been teething
In light of your misleading
You've caused this collapse
Between the heart and the synapseOh, how I've been teething
In light of your misleading

You've caused this collapse
Between the heart and the synapseOh, how I've been teething
In light of your misleading
You've caused this collapse
Between the heart and the synapseOh, how I've been teething
In light of your misleading
You've caused this collapse
Between the heart and the synapse
