

Mandy

Jonas Brothers

Mandy used to be that girl
The one that never said a word
But she only sang
S Club 7 in all those boy bands Now its been a few years
It looks like things have changed
Now shes mine and I want to say Mandy always laughs when I act stupid
I am unaware that Im a nuisance
With her its never wasted time Mandy always knows exactly what Im
Thinking and shes always on my mind
And Im never gonna let her go
'Cause Mandy always knows Mandy always tells the truth
Even when its hard to do
And she always understands
Even when it dont make sense Even though she is the blonde
Im the one that feels so dumb Mandy always laughs when I act stupid
I am unaware that Im a nuisance
With her its never wasted time Mandy always knows exactly what Im
Thinking and shes always on my mind
And Im never gonna let her go
'Cause Mandy always knows When I have a problem
Im sure that Mandy knows
When Im feeling lonely
Im sure that Mandy knows When everythings crazy
Shes always there for me
And Im sure that she knows
Im never ever gonna let her go Mandy always laughs when I act stupid
I am unaware that Im a nuisance
With her its never wasted time And Mandy always knows exactly what Im
Thinking and shes always on my mind
And Im never gonna let her go
'Cause Mandy always knows Mandy always laughs when I act stupid
I am unaware that Im a nuisance
With her its never wasted time Mandy always knows exactly what Im
Thinking and shes always on my mind
And Im never gonna let her go
'Cause Mandy always Never gonna let her go
'Cause Mandy always knows
