What She Don't Know

Aaron Watson

She said she was not the one for me
There was nothing I could do to change her mind
She said she was sorry but some things arent meant to be
She was unaware that she was robbing her heart blind(Chorus)
What she dont know is Ill always love her forever
What she dont know is that Ive never done her wrong
Underestimation will break her heart for sure
What she cant see, what she dont know
Wont hurt her but its killing meDeep in the shadows of the smokey neon lights
I play myself in a lonely game of pool
I chalk it up as he sits down by her side
I take another shot, swallow my pride and I play a foolChorusWatching her dance with him
Around that empty hardwood floor
Is like putting sawdust in the wound
And I cry a little moreChorus
