I Learned from the Best

Whitney Houston

Did you really think that
I would really take you back
Let you back in my heart
One more time? Oh, no noDid you think I'd still care

That there'd be more feeling there?

Did you think you could walk back

In my life? OhSo you found you missed the love you threw away Baby, but you found it out too late, too lateAnd so you know the way it feels to cry

The way that I cried when you broke my world in two

And baby I learned the way to break a heart

I learned from the best, I learned from you

Oh baby, now, I learned from youI remember cold nights

Tears I thought would never dry

How you shattered my world

With your goodbye, your goodbye, babyWould've sold my soul then

Just to have you back again

Now you are the last thing

On my mindNow you say you're sorry and you've changed your ways Sorry but you changed your ways too lateAnd so you know the way it feels to cry

The way that I cried when you broke my world in two

And baby I learned the way to break a heart

I learned from the best, I learned from you

Oh baby, now, I learned from youSo when all you've got are sleepless night

When those tears are clouding up your eyes

Just remember it was you

Who said goodbye, who said goodbyeAnd so you know the way it feels to cry

The way that I cried when you broke my world in two

And baby I learned the way to break a heart

I learned from the best, I learned from you

Learned the way to break a heart

I learned from the best, I learned from you

I learned from the best, I learned from you
