Sweet Jane

Paul Renna

Everytime I see your face
All the memories
They have a look in your eyes that seems to speak to me
I'm wondering what perfume you wear
I sit here in my empty chair
I know that you'll be home soonOhhhh, yeah Sweet Jane x 2I pour two glasses of wine but you know Im sitting all alone
I burn myself on a candle as I reach for the phone
I fill the room with red red roses
I'm picturing you in my favorite poses
And I know you'll be home soonohhhh, yeah Sweet Jane x 4Crawled into this empty bed all by myself
Wondering if you could be with someone else
Then I heard the bed door creaking
I hear the sound of your soft voice speaking
Then I know that my baby girls
Back homeohhhh yeah Sweet Jane x 4
