

# I'm Not Gonna Beg

[Natalie Merchant](#)

I'm not gonna beg you for nothing  
I'm not gonna beg you for loveStraight talk, give me the straight talk  
Tell me what's on your mind if it ain't love  
I'm not gonna beg you for nothing  
I'm not gonna beg you for your loveScared now, what are you scared of?  
Afraid, I might fall on my knees and break down  
I'm not gonna beg you for nothing  
I'm not gonna beg you for your loveDon't you think, you can take me for pretty little ride?  
I know, once upon a time and ever after is a lie  
I'm not gonna beg you for nothing at all  
There's nothing I want from you, nothing you can say or do  
There is nothing I want for you to say anyway
