Pixies

Oh, my, look at you go by
It's so nice just to see you
Woo oohIt feels like giving up sunlight
And this light is almost through
Woo ooh, woo ohGoodbye and good night
I can't hide holding a bullseye
I could fight around his crew
Woo oohIt felt nice giving up sunlight
And this light is almost through
Woo ooh, woo oohGoodbye and good night
Goodbye and good nightIt's so nice giving up sunlight
I could fight around his crew
Woo ooh, woo ohGoodbye and good night
Goodbye and good night
Goodbye
And good nightGoodbye
