

Silence

Gigi D'Agostino

Stay with me forever (sharing love together)
Keep my dream alive (keep my dream alive)
(Touch with me the sky) There's got to be the reason
(Share with you my freedom) Steal a ray of sun (While I'm here with you) You must come along, everywhere I
go
I just want to love you so To fall in love with you, I never ever played
J... just want to say he-ello,
It Takes so long to draw, from everywhere i go,
J... just want to love you so
[Repeat: x 2]
