My Friends

Sweeney Todd

My, them handles is chased silver, ain't they?
Silver, yesThese are my friends
See how they glisten
See this one shine
How he smiles in the light
My friend, my faithful friendSpeak to me, friend
Whisper, I'll listen
I know, I know
You've been locked out of sight
All these years, like me, my friendWell, I've come home to find you waiting
Home, and we're together
And we'll do wonders
Won't we?
You there, my friend?I'm your friend too, Mr. Todd
If you only knew, Mr. Todd, ooh, Mr. Todd
You're warm in my hand, my friend
You've come home
Always had a fondness for you, I didRest now, my friends
Never you fear, Mr. Todd
You can move in here, Mr. Todd
Splendors you never have dreamedAll your days will be yours
I'm your friend and you're mine
Don't they shine beautiful?
Silver's good enough for me, Mr. TFriends, you shall drip rubies
You'll soon drip precious rubiesAt last, my arm is complete again
