

# Faith

Vivian Green

I guess I blamed myself  
For our beautiful disaster  
But when you're young you do some stupid things  
Not that you're innocent in all this  
Because you truly broke my heart  
I was so out of control but you turned your back and kept your eyes closed And so here we are  
It would be the ultimate forgiveness  
If we could put it all behind  
Oh I don't wanna get my hopes up high I gotta have a little faith  
Just a little, just a little, just a little  
I gotta have a little faith  
Just a little, just a little, just a little  
I gotta have a little.. Said baby if we did this  
It'd be the ultimate forgiveness  
A little faith  
Just a little , just a little, just a little I can still see the look on your face  
As I turned and walked away  
It's a image that I wish I could erase  
The moment in time that means everything  
And I wish that I could take it back  
Wish that I could change it  
Ain't nobody ever had my heart that can replace you  
So I'm hoping my wish will be granted  
I'll be the mother of second chances And so here we are  
It would be the ultimate forgiveness  
If we could put it all behind  
Oh I don't wanna get my hopes up high I gotta have a little faith  
Just a little, just a little, just a little  
I gotta have a little faith  
Just a little, just a little, just a little  
I gotta have a little.. And baby if we did this  
It'd be the ultimate forgiveness  
A little faith  
Just a little, just a little, just a little Turn back the hand of time  
Make every wrong right  
Forgive what we don't understand  
Just look ahead and try again  
We were just too young, we messed it up  
And there will never be another

And if I held you in my arms I swear I wouldn't let go  
Gotta have a little, have a little faith  
Just a little, just a little, just a little  
I gotta have a little faith  
Just a little, just a little, just a little  
Baby if we did this  
It'd be the ultimate forgiveness  
A little faith  
Just a little, just a little, just a little (faith)  
I guess I blamed myself  
For our beautiful disaster  
Just a little, just a little  
If I had just a little faith
