UFO

My sweet darling night
How the city swings
A little kiss of angels
A little tune of things And she mesmerizes, captivates
A message for a heart that aches Now you are sixteen
And you're stuck in jail
Eighteen plus
There's no sign of bail And she mesmerizes, captivates
A message for a heart that aches My thousand dollars ain't going nowhere
And the revelations kiss, tell and dare I've got a perfect view of what I want to do
I've got a perfect view
Am I getting through to you? Twenty one is easy
But I don't know, why?
There's no difference
This bird will fly My thousand dollars ain't going nowhere
And the revelations kiss, tell and dare I've got a perfect view of what I want to do
Yes, a perfect view
Am I getting through to you? And she mesmerizes, captivates
A message for a heart that aches My sweet darling night
How the city swings
A little kiss of angels
A little tune of things My thousand dollars ain't going nowhere
And the revelations kiss, tell and dare I've got a perfect view of what I want to do
Yes, a perfect view
Am I getting through to you? I've got a perfect view of what I really want to do
Was a perfect view
Am I getting through to you? Perfect view
I've got a perfect view
Perfect view
