Tech N9ne

[Verse 1: Tech N9ne] Hey. Where the camera at?
I'm trying to hammer that your glamour got rappers, actors, etcetera having a damn attack
And its that bam and back that's standing fat with your rack
Let's get candid act like you're Janet Jack and mash in the sack
Or pretend you're Nikki Nova while I film and flip it over
Get me closer to sticky soaking women if the poker
This is the culture Where we kiss the concha
And if she know to get below the big derover lick these soldiers strictly vulgar
(Look at her go) Watching you on the T.V
(Like at a show) Actin like you were Pinky
(Incredible) Far from nasty and sleazy
(You're not a ho) Best believe me
Something you said made me wanna jump in the bed
Dumping my threads while you're spread legs dead on my red cam
This ain't a bread scam just wanna bust head jams
She said ram me and play it man and I said DWAMM
[Hook](Pornographic-ooo)
(Don't make you no ho-ooo)
(We can take it slow-ooo)
(No one has to know-ooo)
Oh Oh lets make a porno
You can taste me ill eat ya up like DiGiorno
Don't be shy that's a no no
Me on you, picture that like a photo
[Verse 2: E-40] Back it up like a garbage truck
Ass like Amber Rose
Bouncing up and down like a pogo stick
I wanna see ya touch your toes
I'mma lay back and let you do to all the work
Till you reach your climax and spill
Cream on my thing like a wet dream
Pussy juice dripping just like PET milk
We on that Lammie & shrekkin' beary
We higher than Pluto
She can't get enough
She blowing me like a bugle
I'm fixing to burst
Just like a water balloon (Water balloon)
She took the rubber off and ate my sperm with a spoon

If that ain't pornographic

I don't know what pornographic is
Booty checks, tatted, pierced pussy lips
Silicon plastic oral injections
Just big hips on my erection
I don't spend money on hoes
Hoes spend money on me
Like to make them buy me clothes
By using my mouthpiece
I tell them I ain't got no bread
I ain't got no paper
You heard what E-40 said
I ain't no Captain Saver
Dick boss macking
Hustling is my habit
I don't play no games
I beat the pussy out the frame
Bitch!

[Hook][Verse 3: Snoop Dogg]Debbie does Dallas, Doggy does Debbie

Baby are you ready? This shit is getting heavy

Dipping like a Chevy, hold it real steady

Double up, bring in Blowjob Betty

Now we got it popping low

Hit then I stop and go

Film it record it

In high definition though

I got my dick by your ear

Do you hear what I hear

Oh brother, no other

I will fuck your mother

And that's truthfully

See that's how Snoop will be

See, cause usually

Booty free, duty free, it's all the same

Pussy has no name or no face

Some love the way it taste

And I know that

See, baby, wanna blow that?

I take her to the mic booth

And let her do a mic check

Dog her like Mike Vick

I'll make dyke bitch like dick

Right bitch?

It took a minute just to write this

[Hook w/ Krizz Kaliko]
