Innocence Lost

London After Midnight

I can't relive my life
I can't retrace my tracks
I can't undo what's done
There is no going backI chased a selfish dream
Did not survey the cost
Illusions disappeared
I've found my innocence lostSome say it's lessons learned
Some say it's a living life
I say it's choices made
Knowing wrong from rightOne night I fought to sleep
In my slumber I turned and tossed
I woke to a cloudy day
And found my innocence lostInnocent child is a beautiful thing
Secure in her father's arms
Sleeps while a mother singsThere's no way to know
All the harm this world can bring
I miss my innocence
Oh, to be innocentMy heavenly Father
The way of eternal love
That overflows with grace
I can completely trustMy broken heart repaired
And all my sin forgot
I can be pure again
In spite of my innocence lostIn his eyes I'm a newborn child
'cause I accept his love
I have a newfound hope
Though I've found my innocence lostI can be pure againI've found my innocence lost
