

Rockstar (Ft. Brian May)

Dappy

They say that I'm dangerous
Like everything I touch falls apart
If I were to tell, they'll kill me now
Well imma cut to the chase I used to wish on a star but nowadays I need space: satellites
See the black shades white chain, flashing lights
Never thought I could of felt this low in the highlights
So I asked Phyllis its still another day in paradise
Is the heaven for the forever twenty seven
Could it be three years till I'm jammin' with legends?
I got thousands of fans, but I don't get the obsession
There's a nice guy inside, I guess I've never met him Cause I could buy a fast car but not even an aeroplane can
seem to get me out of here
The pressure and the stress are both dying to see the end of me
And the man in the mirror is looking at me like an enemy Whoa
What doesn't kill you makes you stronger every time
Naho
Don't let em tell you how to live your life, cause They say that I'm dangerous
Like everything I touch it falls apart
If I were to tell, they'll kill me now
Well imma cut to the chase Cause I'm living like a rockstar
I ain't afraid the good die young
Cause I be living like a rockstar
I blow up a million miles away, away, away Oh oh oh oh oh oh
Chica bang bang
Oh oh oh oh oh oh
Chica bang bang Mama always told that there's someone looking over me
Think she meant the guy with the camera tryna photo me
Be careful what you wish for, cause the truths a little different
If the guardian's my angel, why's the sun burning holes in me?
They let me loose on the public, but I didn't prepare
I get shock by a lens everytime I appear
Put a star in the room, I swear it changes the atmosphere
Cause I'm a celebrity, can someone get me out of here Whoa
What doesn't kill you makes you stronger every time
Naho
Don't let em tell you how to live your life, cause They say that I'm dangerous
Like everything I touch it falls apart (oh like everything I touch it falls apart)
If I were to tell, they'll kill me now
Well imma cut to the chase Cause I'm living like a rockstar (yes I am!)

I ain't afraid the good die young (woah oh oh oh)
Cause I be living like a rockstar
I blow up a million miles away, away, awayCause I don't care, I don't care
Take me there, take me there
Na na na I ain't scared, I ain't scared
Take me there
Well imma cut to the chase cause I be living like aYou ain't a legend till your set in stone
For now your just flesh and bone
Just a little brother tryna build a home
I'll be the best till my dying breath: brian jones
A wise girl once sung tears dry on their own
Fuck a moment of silence in my house
We shut the whole shit down for winehouse
So I've got something to say
Take aim, pull the trigger
Cause your never going to blow me away (away,oh woah)They say that I'm dangerous
Like everything I touch it falls apart
If I were to tell, they'll kill me now
Well imma cut to the chaseCause I'm living like a rockstar
I ain't afraid to die young
Cause I be living like a rockstar
I blow up a million miles awayCause I don't care, I don't care
Take me there, take me thaere
Na na na I ain't scared, I ain't scared
Take me there
Well we can cut to the chase cause I'm living like aCause I'm living like a rockstar!Oh oh oh oh oh oh
Chica bang bang
Oh oh oh oh oh oh
Chica bang bang
