

Spitting Venom

Modest Mouse

We were spitting venom
At most everyone we know
If the damned gave us a road map
Then we'd know just were to goNow let it drop
Let it all drop
Let it all drop
Oh, let it all fall offWell you were talking soda pop
You were talking quite a lot
The opinions that I do not give
The opinions I ain't gotSo let it drop
Let it all drop
Let is all drop
Let it all fall off there, ohWell, you were spitting venom
At most everyone you know
If you truly knew the gravity
Youd know which way to goWell, let it drop
Let it all drop
Let it all drop
Oh, let it all fall offMy ears were bristled firmly
Right against your mouth to hear
When you tried to spit the venom out
Your words were not so clear, now dropHold on to what you need
We've got a knack for fucked up history
Hold on to what you need
We've got a knack for messed up historyWell, we went downtown
And we sat in the rain
both looking onel direction and waiting for a train
Thought over, it's all overI didn't know you kept track
I didn't know there was a score
Well, it looks like your the winner and I ain't gonna play no more
It's over, game overWell, we walked real stiff and our canes tapped the ground
You hit me with yours
And said "you're gonna' stare me down"
It's over, oh, it's overYou can say what you want but don't act like you care
It takes more than one person
To decide what's fair
It's over, think it overYou were spitting venom
At most everyone you know
If the damned gave you a road map

Then you'd know just were to go So we carried all the groceries in
While hauling out the trash
And if this doesn't make us motionless
I do not know what can be said What a rotten thing to say
Such an awful thing to say
I didn't mean to bite you so really
What always did, what always did, what always had to sling So let it drop
Let it all drop
Let it all drop
Oh, let it all fall off Let it drop
Let it all drop
Let it drop
Oh, let it all fall off Cheer up baby
It wasn't always quite so bad
For every venom then that came out
The antidote was had Cheer up baby
It wasn't always quite so bad
For every venom then that came out
The antidote was had Cheer up baby
It wasn't always quite so bad
For every venom then that came out
The antidote was had
