Sunshine Fist Magnet

Against All Authority

A cold December in a sleepy town
it's no different your a freak
and they don't want you around
Got daddy's car on a Friday night
Just a speed bump in a privileged life.
There ain't no justice if your not like them.
You stand out in the crowd like a target with your friends.
So much more than what they see,
they're afraid of someone who lives so free.[Chorus: x2]
Fist Magnet, conform to this decay,
Fist Magnet, why won't you obey?
Fist Magnet, more than what they see
now there's a little less sunshine here today.It's dark outside
they extinguish your light,
the ninjas in the Caddie
roll silently out of sight.
Got daddy's car on a Friday night
Just a speed bump in a privileged life.
It's true we're just like you and we'll carry on,
and I hope that one day I can be just half as strong,
and you walk with us to this day
AND WE'RE ALL BRIAN DENEKE![Chorus x2]I WALK IN THE LIGHT I REFUSE TO HIDE!
I'LL BE MYSELF AND I WILL LIVE WITH PRIDE!
I WON'T BE DENIED!FIST MAGNET
FIST MAGNET
FIST MAGNET![Chorus x2]
