# Whitney Houston Dub Plate

## Wyclef Jean

{Y'all wanna thank y'all for comin' out tonight to see me
Right now put your hands together
For original, original diva, original dub plate
No one can play this but Refugee's on the number 1 tour
Now listen to Miss Whitney Houston come with it}
{Yo, this is Whitney Houston
Yes massive this is the original vocalist
I'd like to say rest in peace to Dennis Brown}
If tomorrow is judgment day
(Light is in the air)
And I'm standing on the front line
(Hey yo!)
Um, and the Lord asks me what I did with my life
I would say "Wyclef murdered a sound boy"
(Yo, huh!)
If I wake up in World War III
If you believe in the most high
Hands in the air! I see the destruction in poverty

(East coast, west coast, hey, hey!)
And I feel like I wanna go home
(South side!)
It's okay, as long as Wyclef is with me
(North side, Jamaican, Caribbeanon, Haitian hands in the air, everybody)
My love is your dubbing, your dub is my dub
It will take eternity to break us
And the change of our start
(Listen to me!)
As myself is yourself
'Cause the Refugee sound is the only sound
It will take eternity to break us
And a million sound boys will die before us
{This for the hardcore
Before I had the record deal you know what I'm sayin'?
I'ma take y'all back when I was walking down the street
My little girl saying yo clef, that nigga trying to stick with something
Walk over to him and said yo}
