Point

Skinny Puppy

Yeah yeah yeahIt's there can they feel itIt's there can they see itYeah yeah yeahI woke up
The love is racing
Don't get
A time to be
You're gone
?
Get outDrilling
?
Drown in
What it must believe in
What more
Unearth and see thisAll the deeds
A treat what a way to be
Something
Of next to?
?
Of ocean seas
Go onDrilling
Not to begin
Knockout
Don't get up again
Clean up
Never clean that spill?
Filtered swim
Cut their
Uncross their feet again
Suck it to suck it up again
Good night!Feel myYou can feel me
You can feel meFeel myYou can feel me
Keep it at your feet
Keep it up keep it up
(Feel my) Feel what you needUnhealthy radiation on the back at the roller coaster
Going somewhere up and down
Facing left or right
What is -
Come across like itFeel my sight -->
