Gimme pound gimme pound gimme euro gimme yen [x2]

I bet she likes it pretend (that your just a tease)  
She said now and again (that your just a tease)  
She saw you long long time (come on girl come with me please)  
I said come on girl quite playing (you know your coming with me)

And when the music bash my heart beating fast  
Until she turns up on my shirt so I follow  
To a back room were she at  
Oh, shes there in a stance and she held out her hand and said

Gimme pound gimme pound gimme euro gimme yen [x2] (huh)

Electric red leather boots, worked up to her thighs  
Undid a zipper or two n she gave me a smile  
I ain't a feen or a fool but I guess I'm caught in desire  
Never did this before but I'm ready to go

And when the music bash my heart beating fast  
Until she turns up on my shirt so I follow  
To a back room were she at  
Oh, shes there in a stance and she held out her hand and said

Gimme pound gimme pound gimme euro gimme yen [x2] (huh)  
I'm international baby [x3]

Gimme pound gimme pound gimme euro gimme yen [x2] (huh)
