

Warrant (Album Version)

Foster the People

Well I've been just
I've been a bug unknown
I know all about it
But my heart is strong I've been away
Been running to save my head
Yeah the warrants out and I'm almost there
No ones said what I've already said Got to get away
Everyone inside my head
Got to get away
They want me alive or dead Got to get away
Everyone inside my head
Got to get away
They want me alive or dead I've thought a lot about the way that they fight
Come through the phone lines, not man enough to face me
I can stop or argue about what they say
Yeah the warrants out and I'm not gonna pay
I said what I'm gonna say Got to get away
Everyone inside my head
Got to get away
They want me alive or dead Got to get away
Everyone inside my head
Got to get away
They want me alive or dead He was like a fake friend who warms you up and takes you in
You mouth the words but no sound comes out
And he was like your best friend who wakes you up and takes you in
You mouth the words and sound again You don't know better
You don't know better Got to get away
Everyone inside my head
Got to get away
They want me alive or dead Got to get away
Everyone inside my head
Got to get away
They want me alive or dead Got to get away
Everyone inside my head
Got to get away
They want me alive or dead Got to get away
Everyone inside my head
Got to get away

They want me alive or dead
