I might be the way everybody likes to say
I know whatcha thinking about me
There might be a day you might have a certain way
But you don't have my luxuries
And it's me I know, I know my name 'cause I say it proud
Everything I want I always do
Lookin' for the right track, always on the wrong track
But are you catchin' all these tracks that I'm layin' down for you?
There's a song I was listenin' to up all night
There's a voice I'm hearing, sayin', "It's alright"
When I'm happy I am sad, but everything's good
It's not that complicated, I'm just misunderstood
There might be a day, everything, it goes my way
Can't you think I know I'm superfly?
I might see a world in a world inside of you
Then I might just say goodbye
And it's my name I know I say it loud, 'cause I'm really proud
Of all the things I used to do
Well, it's the wrong track looking for the right track
And are you catchin' all these tracks that I'm layin' down for you?
There's a song I was listenin' to up all night
There's a voice I'm hearing, sayin', "It's alright"
When I'm happy I am sad, but everything's good
It's not that complicated, I'm just misunderstood
There's a song I was listenin' to up all night
There's a voice I'm hearing, sayin', "It's alright"
When I'm happy I am sad, but everything's good
It's not that complicated, I'm just misunderstood
Lookin' for the right track, always on the wrong track
But are you catchin' all these tracks that I'm layin' down for you?
There's a song I was listenin' to up all night
There's a voice I'm hearing, sayin', "It's alright"
I was taken for granted but it's all good
'Cause I'll do it again, I'm just misunderstood
I said, I'll do it again, I'm just misunderstood
I said, I'll do it again, I'm just misunderstood
I said, I'll do it again, I'm just misunderstood
