

# Oh Lori

Laurent Voulzy

I'd like to stay in love with you  
All summer and after fall  
I'll keep you warm through the winter  
Because I've noticed one thing  
This ain't no summer fling

I'd like to ride my bicycle with you  
On the handlebars  
You'd laugh and run away  
And I'd chase you through the meadow  
Without you I'd die  
Let's never say goodbye

[Chorus]

Oh Lori

You bring the spring  
The summer, fall  
Ooh and winter  
By the season  
Oh Lori (oh Lori)  
You make me feel as though  
I've been born again, born again

You danced for me in your bare feet  
That mellow afternoon  
When we made love to each other  
And I'm loving you  
That's all I want to do

[Chorus]
