

# Sharky Life Forever

## Sharky Sharky

We are gathered here today to see  
How awesome sharky life can be  
If we all stick together  
It's a big blue world and we ain't got no time for messing people around  
We just want to rock (ROCK!)  
Come and join us

All around the world we will go spreading our word  
Far and wide, everyone will smile when they hear  
Sharky life forever in our hearts (in our hearts)  
Till the end  
Till the end  
We will never give up what we have so believe me when I say  
Sharky life forever

From the deep blue sea is where we came  
On to the land to show you today  
Rock and roll the sharky way

There's no end in sight  
Cz rock aint got no rules we'll play all day and night  
This is our lives (thats right!)  
Come and join us

All around the world we will go spreading our word  
Far and wide, everyone will smile when they hear  
Sharky life forever in our hearts (in our hearts)  
Till the end  
Till the end  
We will never give up what we have so believe me when I say  
Sharky life forever

All around the world we will go spreading our word  
Far and wide, everyone will smile when they hear  
Sharky life forever in our hearts (in our hearts)  
Till the end  
Till the end  
We will never give up what we have so believe me when I say  
Sharky life forever

All around the world we will go spreading our word  
Far and wide, everyone will smile when they hear  
Sharky life forever in our hearts (in our hearts)  
Till the end  
Till the end

We will never give up what we have so believe me when I say  
Sharky life forever

All around the world we will go spreading our word  
Far and wide, everyone will smile when they hear  
Sharky life forever in our hearts (in our hearts)  
Till the end  
Till the end

We will never give up what we have so believe me when I say  
Sharky life forever
