Super X-Ray Vision

Jupiter Sunrise

So, you like guys in uniform?
I think I'll buy a uniform
And maybe you will like me better
And maybe I will like me betterAnd maybe I'll be stronger
With my super X-ray vision
Then I could see right through you
Just like you see through meMr. Superfeelings boyI know a policeman
He carries a gun
He has superhuman strength
He lives in the sunI know a policeman
He carries a gun
He never feels helpless
He never has fun
Fun fun fun fun fun
Like me, like me, like me, like me, likeSo, you like the way he looks
I think I kind of look that way
If I died my hair and grew a bit
And threw away the capeOnly to reveal
That helpless little boy
That can destroy your fly
With worthless X-ray visionMeet Mr. Superfeelings boyI know a policeman
He carries a gun
He has superhuman strength
He lives in the sunI know a policeman
He carries a gun
He never feels helpless
He never has fun
Fun fun fun fun fun
Like me, like me, like me, like me, likeSo, who's it gonna be
Mr. Superhero man
Or meMeet Mr. Superfeelings boyI know a policeman
He carries a gun
He has superhuman strength
He lives in the sun
I know a policemanHe carries a gun
He never feels helpless
He never has fun
Fun fun fun fun fun
Like me, like me, like me
