Your Blue Room

U2

It's time to go again
To your blue room
Got some questions to ask of you
In your blue roomThe air is clean, your skin is clear
I've had enough of hanging 'round here
It's a different kind of conversation
Your blue roomYou saw me coming, love
In outside
You saw me coming
Somewhere I can hideAnd time is a string of pearls
Your blue room
Once again
See the future just hanging there
Your blue roomA new frame, a new perspective
Looking down on my objectives
Your instructions, whatever their directions
Your blue roomYou saw me coming 'round
East by the moon
You saw me coming
But can you feel?It's alright
Your blue roomOne day I'll be back
Your blue room
Oh yeah, I hope I remember where it's at
Your blue roomYou see me slide on
Won't you bring me back home?
So much for changeZooming in, zooming out
Nothing I can't do without
A lens to see it all up close
Magnifying what no one knowsNever in company
Never alone
No car alarm
No cell in the phone
