

No Believers (Demo)

Sacred Reich

What is this lie there is no truth
There is no God there is no proof
They say there is a higher being
He was crucified, torn, and bleeding
The bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees
There is no God in heaven
What is God, imagination
A symbol of lies and frustration
Your savior Jesus was lost
When he was nailed to the cross
The bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees
There is no God in heaven
Screaming prophets control your mind
Fake messiah bathed in lies
Devout Christians "see the light"
Do not question "God is right"
Millions of Christians accept in their heart
Their savior is Jesus have faith in the cross
There is no truth to the "Holy Cross"
But millions follow millions are lost
The bible is a lie
I defy the lying priest
God doesn't control my life
I choose my own destiny
Religion is for the weak
Your soul will die forever
Get up off your knees

There is no God in heaven
