

# Come and Get It

## Code Red

I've been wanting you for a long long time  
I've got something that'll blow you mind  
I wanna touch you up and down  
I know you;ll feel divine  
I'm ready good to go just waiting for the sign  
Cos if you want it girl you can have it  
If you need it girl you can have it  
If you want it you can have it right here right now

### CHORUS:

(Right now) Come and get it if you really want it  
(Right now) I wanna give it to you  
(Right now) Come and get it if you really want it  
(Right now) I wanna give it I wanna give it to you  
Do you think about me girl cos I'm so into you  
My mind is doing overtime you're all I wanna do  
I need you close to whisper in your ear  
I get so tongue tied cos it's harder when you're near  
Cos if you want it girl you can have it  
If you need it girl you can have it  
If you want it you can have it right here right now
