

# In the Middle

JR JR

Hearts are bought, and sold by money.  
All will live in fours at double time.  
There's a million ways to die,  
Thoughts that circle, leave you paralyzed.Standing in the fire.  
Here I am in the middle of it.  
I can't decide, cause I'm in the middle,  
I can't move on, I'm stuck to the floor.  
Move left, move right, shut up and get up.  
I just cant stop feeling lazy baby.  
I need a decider.  
Help me out when I'm in the middle.Wars are won and lost by time,  
Grass don't look green, when you're color blind.  
Our collector's, holding knives.  
Reputations, leave you marked for life.Standing in the fire.  
Here I am in the middle of it.  
I can't decide, cause I'm in the middle,  
I can't move on, I'm stuck to the floor.  
Move left, move right, shut up and get up.  
I just cant stop feeling lazy baby.  
I need a decider.  
Help me out when I'm in the middle.Oh, I know, I know.  
Oh, I know, I do.Standing in the fire.  
Here I am in the middle of it.  
I can't decide, cause I'm in the middle,  
I can't move on, I'm stuck to the floor.  
Move left, move right, shut up and get up.  
I just cant stop feeling lazy baby.  
I need a decider.  
Help me out when I'm in the middle.I need a decider x3
