

Some Kinda Animal

The Edgar Winter Group

Hey, come here boys and girls, yeah Well, if you wear funny clothes
And you travel on the road
You can bet, they'll call you an animal
And if you're spaced out
And you like to stand up and shout
They'll call you an animal Some kinda animal
A premature brain child
Some kinda animal
A savage runnin' wild, ooh yeah Get it When you're rockin' all right
And you stay up all night
You can bet, they'll call you and animal
And if you drink and you curse
'Cause your life is so complicated
They'll call you an animal Some kinda animal
A premature brain child
Some kinda animal
A savage runnin' wild, hey Some kinda animal
A premature brain child
Some kinda animal
A savage runnin' wild, yeah, yeah Some kinda animal
A premature brain child
Some kinda animal
A savage runnin' wild, wild, wild, wild Some kinda animal
Just like a comical brain child
Some kinda animal
A savage runnin' wild Yeah, yeah, yeah
